There's a corset that isn't
 a corset, a waist with straps
 for the shoulders and rows
 of buttons to button on
 skirts and stocking supporters
 and so forth—the Ball Waist
 —and that's about the whole
 of it. No; you can put it
 in the washtub—no metal in
 it or on it.

It is worth your seeing, if
 for nothing but how to sew
 on buttons to button easy and
 never come off, and how to
 make buttonholes wear for-
 ever.

Women differ in their ways
 of thinking and dressing as
 well as in other ways. This
 waist is for women whose
 minds are made up that they
 won't wear corsets.

There's much to be said
 on both sides; but did you
 ever hear of a woman who
 hadn't made up her mind in
 some way? and is there any
 possible use in trying to get
 her to change it? She will
 and she will; or she won't
 and she won't.

You can get the Ball
 Waist and wear it a week or
 two or three; and, if you
 don't want it, bring it back to
 us and get your money.

THE NORTH CAROLINA STEEL & IRON CO.

GREENSBORO, N. C.

OFFICERS: President, James A. Odell; Vice-President, Julian S. Carr; General Manager, J. J. Newman; Treasurer, S. H. Wiley; Secretary, Chas. D. Benbow; Financial Agent, Robert T. Gray; Attorney, Theo. F. Kluttz. **EXECUTIVE AND FINANCE COMMITTEE—**James A. Odell, D. W. C. Benbow, Julius A. Gray. **DIRECTORS—**A. B. Andrews, Second Vice-President R. & D. R. Co., Raleigh; James A. Odell, President Odell Hardware Co., Greensboro, N. C.; Julius A. Gray, President Cape Fear & Yadkin Valley Railway Company, Greensboro, N. C.; Theo. F. Kluttz, Attorney-at-Law, and President Yadkin Railway Company, Salisbury, N. C.; Julian S. Carr, President Blackwell's Durham Tobacco Company, Durham, N. C.; D. W. C. Benbow, Greensboro, N. C., Robert T. Gray, Attorney-at-Law, Raleigh, N. C.

The Company owns the Famous "Ore Hill" Property,

in Chatham Co., N. C., that has been noted as an iron prop-

erty for more than a century. Ores from it were used in the

manufacture of iron during the Revolutionary war. During

the late civil war the Confederate Government selected this

locality as the site of large iron and ordnance works, because

of the exceptionally High Grade of its Ores. The lack of

railroad facilities has made impossible, hitherto, the profitable

utilization of these ores on any large scale. The locality is

now, however, made accessible by the Cape Fear and Yadkin

Valley Railroad, which passes through the property.

Some of the most noted iron men in America have examined

and reported on these ores, and so far as the directors of this

company know, there has never been an expert report on it

that was not highly favorable. Prof. Chas. D. Wilber, inspec-

tor of mines and mineral lands, formerly State Geologist of Illi-

nois and mining expert for the Northern Pacific R. R., visited

Ore Hill in 1884. Extracts from his report and the opinions of

Dr. E. Emmons, formerly State Geologist of North Carolina;

Prof. W. C. Kerr, State Geologist; Prof. F. A. Genth, of Phila-

delphia; S. A. Richards, formerly Superintendent of the Joliet

Steel Company; Mr. Thomas Graham, a prominent iron manu-

facturer of Philadelphia, and others, are published in the Com-

pany's prospectus.

The "Manufacturer's Record," of Baltimore, having learned

of the proposed organization of this company, investigated,

on its own account, the Ore Hill Tract. The report of the ex-

pert, Mr. Thomas P. Williams, M. E., is also given in the

prospectus.

The company recently employed Mr. Frederick H. Smith, of

Baltimore, a noted mining engineer and mineralogist, to ex-

amine the property. His report confirmed all that had been

claimed, and he advised the company to build the furnaces.

Mr. Smith is a man of such eminence in his profession that it

would be superfluous to make any mention of the value of his

report. He is a member of the American Society of Civil En-

gineers, a member of the American Institute of Mining En-

gineers.

Coke for the furnaces will be brought from Pocahontas, 245
